## Report of Library.

---

We respectfully submit our annual report to the citizens of the town of the Barnstead Free Public Library for the year ending February 15th 1912

Number of books in library not including public documents 2,518.

There have been purchased and placed on the shelves 76 valuable books written by some of the best American Authors beside the usual amount of public documents and miscellaneous matter received from different sources.

New Hampshire ranks high in the library world from the fact that in practically every community in the state there is a Free Public Library.

The community owes the library a reasonable financial support in order that the boys and girls of our town may be provided with good books and thus acquire a better knowledge of good citizenship.

The library will be open to the public for the delivery of books on Saturday afternoons, (except holidays), from 2 to 5 o'clock.

# Report of School Board.

Of Barnstead, N. H., for the year ending Feb. 15, 1912.

---

To the citizens of Barnstead School District, we hereby submit the following Annual Report.

Again it is our pleasure to report upon the condition of the Schools of Barnstead.

Eight have been maintained during the year, all of which have been more efficient than in many years. Although not above criticism, we find them all doing good work, with a corps of teachers above the average who have labored faithfully for the uplifting of the life of the pupil, as well as that of other educational lines.

At the earnest invitation of your Board, our State Supt. of Public Inst. Mr H. C. Morrison, held an Institute at the Town Hall, But owing to the very rainy day, only a very few except the teachers from this, and surrounding towns attended. The evening lecture by Mr. Morrison was well worthy of a better attendance and showed a lack of interest on the part of the towns people.

Below we submit a report of the financial condition of the District.

CORAN K. DAVIS,  
ADDIE M. HUSE,  
CHAS. F. JENKINS 2nd,  
School Board of Barnstead.

---

Of the Balance on hand there is \$120 93 of unexpended Repair money, which we think is enough for repairs during the coming year, leaving a balance of School Money of \$1,231 93 although this looks like a large balance, it is not much more than enough to pay the bills which will be due at the end of the School year July 15, 1912, where as, in years past the town has been obliged to hire money to pay the teachers when their work was done at the end of the spring term.

At the beginning of the year it was uncertain whether we should receive any part of the State School Fund, which we did receive, as per your treasurer's Report.

By your generosity at the School Meeting you voted to raise \$500 in addition to the amount required by law. Hence the balance in the treas. which the Board did not try to squander because there was enough and to spare

The cry in the past has been for "More Schools" and the board has demonstrated that the schools can be run 34 or 35 weeks, but when it is done there are objections to so long a term even by those who cried the loudest.

However it seems necessary to provide more than 30 weeks so that we do not fall below an average of 30 weeks and so lose the state aid even though entitled to it.

The Center School house has been shingled, and those at the North. Berry, White Oaks and Beauty Hill have been painted inside and out beside other repairs.

We wish to extend our heart felt thanks to all who have so cordially accepted and assisted our endeavors to improve and maintain our schools during this year.
